

# List of Additional Facilities

## FAC-008-AB-3

The following is the list of additional facilities that the Alberta Electric System Operator ("AESO") must maintain pursuant to the Applicability section and in accordance with the process set out in Appendix 1 of the Alberta reliability standard *Facility Ratings* ("FAC-008-AB-3"). FAC-008-AB-3 also applies to the legal owner of the following facilities, as the AESO has determined that such facilities are necessary for the reliable operation of either the interconnected electric system or the City of Medicine Hat electric system.

**Table 1: List of Additional Facilities**

Applicability section	Facility	Effective Date
Legal owner of a transmission facility pursuant to subsection 2(a)(ii)	None at this time	
Legal owner of a generating unit pursuant to subsection 2(b)(v)	None at this time	
Legal owner of an aggregated generating facility pursuant to subsection 2(c)(iv)	None at this time
