

List of Additional Facilities

PRC-001-AB3-1.1(ii)

The list of additional facilities that the Alberta Electric System Operator (“AESO”) must maintain pursuant to the Applicability section and in accordance with the process set out in Appendix 1 of the Alberta reliability standard PRC-001-AB3-1.1(ii), Protection System Coordination (“PRC-001-AB3-1.1(ii)”). The AESO has determined that PRC-001-AB3-1.1(ii) also applies to the legal owner or the operator of any of the following facilities, as material to PRC-001-AB3-1.1(ii).

Table 1: List of Additional Facilities

Applicability section	Facility	Effective Date
Legal owner of a transmission facility pursuant to subsection 2(a)(ii)(B)	None at this time	
Legal owner of a generating unit pursuant to subsection 2(b)(iv)	None at this time	
Legal owner of an aggregated generating facility pursuant to subsection 2(c)(iii)	None at this time	
Operator of a transmission facility pursuant to subsection 2(d)(ii)(B)	None at this time	
Operator of a generating unit pursuant to subsection 2(e)(iv)	None at this time	
Operator of an aggregated generating facility pursuant to subsection 2(f)(iii)	None at this time
